Errata

'Miracle Worker'

Page 28.

Currently reads:

Miracle Worker. [Engineering Action]

Use this Action when any ship completes any Action. If the Captain's Test is successful you may immediately take a Repair or Bring Online Action, following all the normal rules. This counts as a free Action and does not contribute towards your 3 Actions per turn.

Should read:

Miracle Worker. [Engineering Action]

*Use this Action when any ship completes any Action. If the Captain's Test is successful you may immediately take an **Energy Transfer or Bring Online Action**, following all the normal rules. This counts as a free Action and does not contribute towards your 3 Actions per turn.*

Q&A

Drain Beam

Page 32

Q: Drain Beam implies that a hit sheds the target system of energy, but text only talks about extra damage. Does a hit remove all Auxiliary Power markers from the hit system? If so, is this power lost?

A: It does not remove Auxiliary Power Markers; the way it simulates shedding energy is by causing Damage to the system - after all, every point of damage counts as -1 Power.
